Dear [redacted] STAT

I have received your letter of 9 February 1959 requesting arrangements be made for [redacted] to visit us on 12 March 1959 for the purpose of inspecting and receiving instruction on our stereo-comparator facilities. I regret to report that the facilities are presently undergoing construction and the instruments therefore are not available. The personnel chiefly concerned will be engaged in work outside the Washington area during this period. STAT

We would like to be of assistance and since it is not practicable for your people to come here, I would be glad to have one or two of our people visit your facility and consult with your photogrammetric personnel. If you could suggest a general time period after March we could arrange a date to fit our mutual schedules.

Sincerely,

Arthur C. Lundahl
Director,
Photographic Intelligence Center
